OFFICE OF LEGISLATIVE COUNSEL

Friday - 16 October 1964

25X1 1. [redacted] of the Foreign Missile and  
Space Analysis Center called and indicated that he had had an inquiry from  
Mr. Floyd Sweet of Mr. Webb's staff at NASA, indicating that questions  
25X1 raised by Mr. Frank C. DiLuzio, Staff Director of the Senate Aeronautic  
and Space Sciences Committee, during a briefing this week indicated some  
possible familiarity with SI information and wanted to know whether the  
Agency had provided the Committee with any such briefings. [redacted]  
is responding that the Agency has provided no briefings at that level and  
has not met with the Committee in some months.

25X1 2. [redacted] In response to his call, I met with Mr.  
James Gehrig, Legislative Assistant to Senator Stuart Symington (D. Mo.),  
[redacted] 25X1

Mr. Gehrig also asked whether we had been giving briefings on the  
manned Soviet space shot earlier this week. I advised that I would check  
it for him if he desired, but that we had provided our routine briefings for  
organizations such as NASA. Mr. Gehrig asked further whether NASA  
might have been in contact with the Senate Aeronautics and Science Committee  
to which I responded that I believed they had. The foregoing appeared to  
answer Mr. Gehrig's curiosity completely, and he advised that he needed  
no further information in this area.

25X1 3. [redacted] Met with Mrs. Mary Lynn Gilbarte,  
Assistant to Representative Joel T. Broyhill (R. Va.) and delivered to her  
Legislative Counsel's letter advising the Congressman concerning the  
employment application of [redacted] Mrs. Gilbarte thanked  
25X1 me for coming by and indicated that the fact of the time taken in review of  
[redacted] qualifications presented no problem. No further action will  
be required on this matter.
